

### About the fellowship

The School of Public Policy M.P.P. Alumni Fellowship supports M.P.P. student success at UMBC.

Fellowships of up to \$500 can be used for research expenses (e.g., purchase of materials, interviewing research participants, research related travel) and professional development (e.g., conference attendance).

Students do not have to be UMBC alumni to apply.

Only one request can be made on an annual basis.

### Application process

- Please prepare and submit a written request of up to 500 words, describing how you will use the Fellowship support, to Myriam Ralston (myriam@umbc.edu).
- This request should be approved by your advisor. Please cc your advisor on your application email.
- This support is intended to supplement support available through the Graduate Student Association, so applicants should first apply for Graduate Student Association support, if applicable.
- Fellowship recipients can expect to receive the fellowship 4-6 weeks after submission.

*Awards will be made on a rolling basis by the School of Public Policy  
Financial Aid Committee.*
